Stats from 2000 through Spring 2024 show that we have paid ~\$850k in Scholarship Funds directly to students during that period of time. Data from 1953 to 1999 not available, but if included, would likely make the total approach \$1m since the program began.
- Investments are balanced to minimize risk and produce constant cash flows for ongoing scholarships. Investments are managed by 2 individuals, in conjunction with a financial advisor.
